Believe nothing,  
 merely because you have been told to.  
 Or because it is traditional.  
 Or because you yourself have imagined it.  
 Do not believe what your teacher tells you...  
 merely out of respect for the teacher.  
 But whatever after due examination and  
 analysis you find conducive to the good, and  
 benefit the welfare of all beings, that doctrine  
 believe and cling to and take it as your goal.
